

Photographing the **World** A guide to photographing 201 of the most beautiful places on Earth

- A highly inspirational guide to 201 of the world's most majestic landscapes
- Famous world locations, as well as many lesser-known photogenic spots, with first-hand information about how, when, and where to photograph them
- A wonderful reservoir of ideas for your future travel adventures
- Chock-full of insightful first-hand accounts by renowned photographer Tom Till

Photographing the World is a must-have resource to expand your travel horizons and image portfolio beyond the United States. It will take you on a highly-inspirational journey of discovery to all five continents, exploring some of the world's most beautiful mountains, deserts, lakes, rivers, coastlines, wetlands, forests, archeological sites, cityscapes, and tourist attractions.

Photographing the World is the culmination of Master Photographer Tom Till's twenty-five+ years of exploring and photographing the world. Whether you're a pro, an amateur photographer, or simply an avid traveler with a modest interest in photography, you will experience the world's finest scenic wonders by visiting Tom's suggested locations.

- 336 pages of great information for everyone; no need to be a photographer
- 370+ full color photographs, to help you visualize the locations
- Where, when and how to get the best shots
- Valuable tips on composition, exposure, and hard-to-shoot scenery

Also available:

Photographing the Southwest - Vol. 1 Southern Utah
Photographing the Southwest - Vol. 2 Arizona
Photographing the Southwest - Vol. 3 Colorado/New Mexico
 Offering the same kind of great information on these areas.
