*“very highly recommended; remarkably useful; a truly great travel guide; invaluable; accurate and completely reliable; user friendly; go with a camera in one hand and this book in the other; great for photographers and non photographers alike; take this book with you; don’t go there without it; best guide book I’ve ever used; buy this book!”*

### A must for everyone with a passion for the Southwest!

- Have you ever wanted to see with your own eyes all the beautiful locations found in coffee table books, posters, calendars, and travel magazines?
- Do you want to see the most photogenic spots in our parks and monuments?
- Do you want to visit spectacular “off the beaten track” locations outside the parks?
- Are you interested in rock art and early Native American dwellings?

The *Photographing the Southwest* guidebook series is the culmination of over twenty years experience exploring and photographing the natural landmarks of the Southwest.

*Volume 1* will take you to the heart of Southern Utah, home to some of the Colorado Plateau’s most outstanding highlights. Beyond the National Parks of the famed “Grand Circle”, you’ll discover many hidden locations of Red Rock Country as well as Indian rock art and cliff dwellings. The book also makes a quick side trip into Northeastern Utah to explore the remote area around Dinosaur National Monument. Enough for weeks of new discoveries in the area!
